Blaine's Grand March.

Composed by STEPHEN S. BONBRIGHT, Op. 78.
Author of "THE BATTLE OF CINCINNATI," etc., etc.

MODERATO MAESTOSO.

INTRODUCTION.
fff Ped.

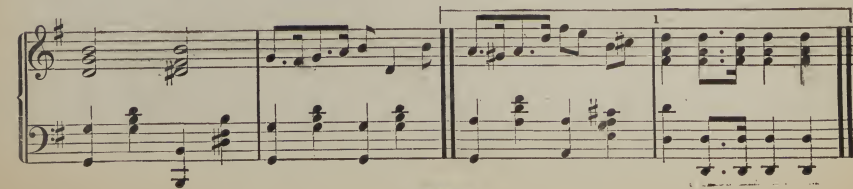

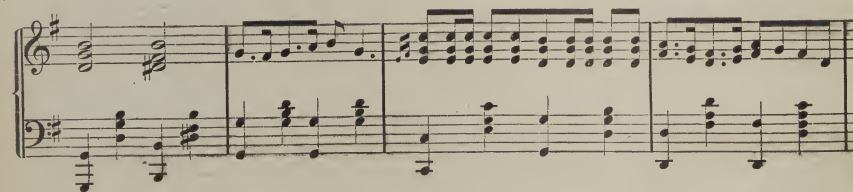

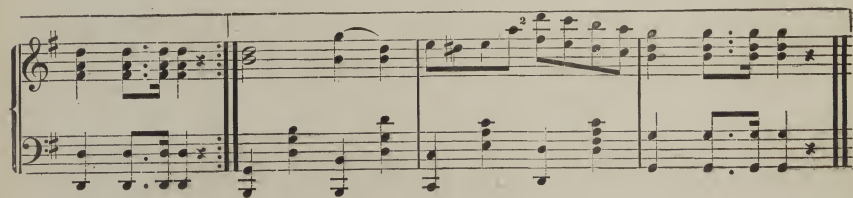

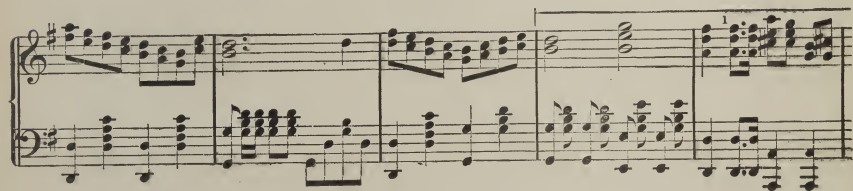

fff Ped.

Ped.

*Ped. * Ped. * Ped.*

Tempo di Marchia.

The musical score is written for piano and bass. It begins with a tempo marking of 'MODERATO MAESTOSO' and an 'INTRODUCTION' section marked 'fff Ped.'. The introduction consists of four measures. The first measure has a treble clef with a G4 quarter note and a D5 quarter note, and a bass clef with a G2 half note. The second measure has a treble clef with a G4 quarter note, a D5 quarter note, and a G4 quarter note, and a bass clef with a G2 half note. The third measure has a treble clef with a G4 quarter note, a D5 quarter note, and a G4 quarter note, and a bass clef with a G2 half note. The fourth measure has a treble clef with a G4 quarter note, a D5 quarter note, and a G4 quarter note, and a bass clef with a G2 half note. The introduction ends with a double bar line. The main body of the march follows, with a tempo change to 'Tempo di Marchia'. The score includes various musical notations such as dynamics (fff, Ped.), articulation (accents, slurs), and performance instructions (e.g., * Ped.). The key signature is one sharp (F#), and the time signature is common time (C).

This piece may be obtained of Allen Bros., Music Dealers, Cincinnati, O., on receipt of 40 cents, with full page lithograph of James G. Blaine. Orchestra, \$1.00, 12 parts; Brass Band, \$1.00, 12 parts.

ASK YOUR GROCER FOR

ELECTRIC-LIGHT SOAP.

NO RUBBING SAVE LABOR AND CLOTHING.

WHEN YOU USE ELECTRIC-LIGHT SOAP FOLLOW DIRECTIONS CAREFULLY.

Cut up fine and dissolve one-half bar in half gallon of hot water, pour half this dissolved soap into a tub filled with just sufficient hot water to cover a boiler full of clothes. Then put the clothes in to soak, **RUBBING PLENTY OF SOAP ON THE MOST SOILED PARTS.** Be sure that the soaking water is hot; soak the clothes half hour; stir them occasionally so that they may get the full benefit of the hot suds.

Fourths the remainder of the dissolved soap into the boiler, adding sufficient water to cover the clothes; wring them lightly out of the suds; **SOAP THE STAINED SPOTS** and place loosely in the boiler; boil 20 minutes, rinse well, blue, and hang to dry. **DO NOT CROWD THE BOILER TOO FULL.** The same boiling water may be used for further boiling by adding a little soap to each boiler full of clothes.

Colored clothes and flannels can not be boiled, and will require a little rubbing, but not nearly so much as with ordinary soap; and be sure to rinse your flannels in soft water of same temperature as suds.

FOUR POINTS!

Prepared by an Entirely New Method.
Composed of the Purest Material.
Will Not Injure the Fabric.
Will Cleanse Fabrics Without Rubbing.

Man folge den Anweisungen mit Sorgfalt.

Man nimmt eine halbe Stange in heisse Seife und löst dieselbe in einer halben Gallone heissen Wassers auf, dann gießt man die Hälfte der aufgelösten Seife in einen Kübel, der gerade gehoben mit heissem Wasser gefüllt ist, um einen Rest der Seife zu bekommen. Dann stellt man die kleiden hinein und lässt sie in der Seife ein halbes Stündchen stehen, dann gießt man die übrige Seife in den Kübel und lässt die kleiden noch ein halbes Stündchen stehen. Dann gießt man die übrige Seife in den Kübel und lässt die kleiden noch ein halbes Stündchen stehen. Dann gießt man die übrige Seife in den Kübel und lässt die kleiden noch ein halbes Stündchen stehen.

Man gießt den Rest der aufgelösten Seife in den Kübel, gießt genug Wasser hinzu um die kleiden zu bedecken und rührt dann das Gefüllte um, damit die Seife besser durchdringt. Man lässt die kleiden noch ein halbes Stündchen stehen, dann gießt man die übrige Seife in den Kübel und lässt die kleiden noch ein halbes Stündchen stehen. Dann gießt man die übrige Seife in den Kübel und lässt die kleiden noch ein halbes Stündchen stehen.

Farbige kleiden und flannele können nicht gekocht werden; sie erfordern daher ein wenig rubben, aber nicht so sehr als mit gewöhnlicher Seife. Man muss die kleiden in weiches Wasser auswaschen, welches dieselbe Temperatur als das Seifenwasser hat.

Electric-Light Soap has no Superior for House Cleaning.

TO CLEAN FLAX.

Prepare suds as directed. Soak point, lace in suds 3 to 10 minutes, press out with hand, boil in suds 3 to 10 minutes, rinse, roll in dry towel, iron between pieces of flannel. Soak curtains in suds 5 to 20 minutes, rinse, boil in suds 5 to 20 minutes, rinse, stretch on frames or pin every scallop to carpet, over sheet, to dry. No ironing required.

This child is clean
And sweet, I ween,
As any Queen
You've ever seen.

Were Washed with
ELECTRIC-LIGHT SOAP,
Without Rubbing.

For her turned up nose,
Her sweet little toes,
Her pretty pink hose,
And all her clothes

SEVEN AXIOMS.

Disinfect the clothes. Boiling is the best way to do it. Lukewarm water will not do it. It is easier to boil the dirt out than to rub it out. The wash-board is an instrument of torture to women. Electric-Light Soap is not weighted with adulterations. Proof: Drop the bar in the water and it will float.

WILL WASH

WITH LIGHTNING MADE,
AND CHEMISTS' AID,
ELECTRIC-LIGHT SOAP
DOES GIVE SWEET HOPE
TO SPIRITS BROKE
BY WASHING DAY.

WITHOUT RUBBING.

ELECTRIC SOAP MFG CO., INDIANAPOLIS.
